Confessions of a Rebel Angel: The Wisdom of the Watchers and the Destiny of Planet Earth Timothy Wyllie

A rebel angel's observations from her half-million years on Earth and her perspective on the spiritual journey of her human charge

- Explains the hidden motivations behind Lucifer's angelic rebellion 203,000 years ago and watcher Georgia's participation in it
- Explores the benevolent intentions of the Multiverse both in quarantining our planet to contain the rebellion and in now allowing our return
- Describes how the coming spiritual transition will be gentle and our future positive

More than two hundred millennia ago the high angel Lucifer launched a revolution among the angelic hierarchy, which led to the quarantine of 37 planets, including our own, from the rest of the Multiverse. Now, after eons of isolation, the rebel angels are being redeemed and we are being welcomed back into the benevolent and caring Multiverse with a massive transformation of consciousness and a reconnection to our celestial destiny.

Writing through Timothy Wyllie, rebel angel Georgia describes her half a million years stationed on Earth as a watcher. Arriving 500,000 years ago as part of the first angelic expedition to Earth--sent here to prepare the indigenous inhabitants for higher consciousness--she details the archaic roots of humanity and explains the connections between the 7 dimensions of intelligent life and the chakras as well as how beauty and creativity are vehicles for angelic inspiration. Interweaving her story with parallel observations of Wyllie's youth in World War II England and his spiritual journey beginning with the Process Church, Georgia explains the motivations behind Lucifer's uprising and the lasting impact it has had among the angels on Earth and on humanity's natural spiritual development.

Revealing that there are more than 90 million rebel angels currently incarnated on Earth--almost all of whom are unaware of their previous celestial lives--Georgia explains how this is their opportunity to personally redeem the past and contribute their particular talents to the world. She calls on all of us, especially these incarnate angels, to wake up to who we truly are and embrace our spiritual heritage as earthly vessels for God's presence. In this way we can prepare for the imminent transformation of global consciousness and embrace the astonishing and wondrous destiny facing our world.
