The term politician has many negative connotations. We assume that if a person is a politician that means they are either corrupt or unscrupulous in some way. To be fair, not all are this way, but many are. The problem is, we always suspect that they are but we seldom find proof of this. It's rare that we find a politician prosecuted for crimes such as fraud, tax evasion or money laundering. When we do, it makes headlines because it confirms our deepest suspicions. And now, our deepest suspicions have been confirmed. New evidence has come to light that a vast scandal by the top politicians in the world have been funneling money through various hidden schemes to avoid detection.
