High School senior Tobias Merchon has much to look forward to: he has a final summer bash to prepare for with his best friends, he has been given a scholarship for his artistic hand at drawing comic books at a community college miles away from home and, most importantly of all, the release of The Avengers movie is just weeks away. But fate has a way of changing things. Ever since his father left Tobias and his mother years ago, the young man had known what his purpose was in life. However, when he is given the great power of attraction through the use of a small box of pills placed upon him in a chance encounter, his "to-do" list doesn't just involve career-minded goals anymore. Soon, Tobias sets out on adventure of his own, using the pills to clean up the messes of his past sexual experiences. Erotic Fiction author Titus Strong does it again in The Pill: Book One of a Young Gentleman's Romance Novel, merging a "coming"-of-age story with superhero fan fiction, shoving the erotic down the throats of willing participants in an erotic telling that is sure to delight even the most introverted comic goer. Grab your convention lanyard, faded vintage comic shirt, and prepare for the exploits of nerd-kind like you've never read before!
