## **Beneath the Bonfire: Stories** Nickolas Butler

Nickolas Butler's debut novel, *Shotgun Lovesongs*, has become an international bestseller and won numerous accolades, including France's Prix Page/America, previously won by Chad Harbach's *The Art of Fielding*. Now, in *Beneath the Bonfire*, he demonstrates his talent for portraying "a place and its people with such love that you'll find yourself falling for them, too" (Josh Weil, author of *The Great Glass Sea*).

Young couples gather to participate in an annual "chainsaw party," cutting down trees for firewood in anticipation of the winter. A group of men spend a weekend hunting for mushrooms in the wilderness where they grew up and where some still find themselves trapped. An aging environmentalist takes out his frustration and anger on a singular, unsuspecting target. One woman helps another get revenge against a man whose crime extends far beyond him to an entire community. Together, the ten stories in this dazzling, surprising collection evoke a landscape that will be instantly recognizable to anyone who has traveled the back roads and blue highways of America, and they completely capture the memorable characters who call it home.
