To celebrate its 60th anniversary, the Canadian Correspondence Chess Association organized a GM Postal Tournament. The book contains all 105 games. The event was won by Danish CC Grandmaster Erik Bang who was undefeated, and includes his win over former World Correspondent Chess Champion Horst Rittner. Chess lovers who expect to learn more about the arcane art of the middle game will also be treated to opening novelties that haven't been discovered by mainstream chess theory as well as interesting endgames, some of which will establish new reference points in their particular domains.
