Does the riddle of cancer have a solution: An introduction to a cancer treatment that heals Finn Thoresen

The intention with this publication is to present new knowledge about preventative and life-saving cancer treatment, developed in Norway - for clinicians and people that is affected by cancer in the worldwide population. The treatment method is already spread to a number of countries, including Germany, Canada, USA and Australia. 60 clinics currently use the method with exceptional results. The treatment is simple, inexpensive and a health promoting immune therapy that restores our natural defenses against the mutations that may cause cancer. A side effect of this knowledge can substantially reduce health budgets. GPs and oncologists can perform the treatment outside hospitals.
