A Reader's Companion to the Confucian Analects Rosemont

Readers of the Analects of Confucius tend to approach the text asking what Confucius believed; what were the views that comprise the 'ism' appended to his name in English? A Reader's Companion to the Confucian Analects suggests a different approach: he basically taught his students not doctrines, but ways for each of them to find meaning and purpose in their lives, and how best to serve their society. Because his students were not alike, his instruction could not be uniform; hence the large number of incompatible readings that have been given to what he said. By providing brief essays, finding lists, background and comparative materials, and historical context, this Companion is not intended as another interpretation of the ancient text, but rather as an aid for contemporary students to develop their own interpretive reading of it, in the hope of thereby aiding them in the search for meaning, purpose, and service in their own lives - as seventy-three generations of Chinese have done.

Palgrave Pivot publishes peer-reviewed research at lengths between the journal article and monograph. Liberating scholarship from the straightjacket of traditional formats, Palgrave Pivot allows works to be published in the format and length best suited to the work itself, within 12 weeks of manuscript acceptance.

From reader reviews:

Bobby Kile:

What do you think of book? It is just for students because they are still students or this for all people in the world, the actual best subject for that? Just simply you can be answered for that query above. Every person has various personality and hobby per other. Don't to be pressured someone or something that they don't want do that. You must know how great along with important the book A Reader's Companion to the Confucian Analects. All type of book can you see on many options. You can look for the internet solutions or other social media.

Hattie Leclair:

Nowadays reading books become more than want or need but also be a life style. This reading practice give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book in which improve your knowledge and information. The info you get based on what kind of e-book you read, if you want drive more knowledge just go with schooling books but if you want truly feel happy read one using theme for entertaining for example comic or novel. The A Reader's Companion to the Confucian Analects is kind of reserve which is giving the reader capricious experience.

Melvin Lucero:

The reason? Because this A Reader's Companion to the Confucian Analects is an unordinary book that the inside of the book waiting for you to snap that but latter it will jolt you with the secret the idea inside. Reading this book beside it was fantastic author who also write the book in such awesome way makes the content inside of easier to understand, entertaining means but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This excellent book will give you a lot of gains than the other book have such as help improving your expertise and your critical thinking approach. So , still want to hold up having that book? If I have been you I will go to the e-book store hurriedly.

Jeffery Harman:

This A Reader's Companion to the Confucian Analects is completely new way for you who has interest to look for some information mainly because it relief your hunger of information. Getting deeper you into it getting knowledge more you know or you who still having small amount of digest in reading this A Reader's Companion to the Confucian Analects can be the light food for you because the information inside this kind of book is easy to get by anyone. These books create itself in the form which is reachable by anyone, yeah I mean in the e-book type. People who think that in publication form make them feel tired even dizzy this book is the answer. So you cannot find any in reading a publication especially this one. You can find actually looking for. It should be here for anyone. So , don't miss that! Just read this e-book style for your better life and knowledge.
