« Nos sociétés sont-elles prêtes à stimuler ce centre du développement mondial et surtout à le supporter et à être la locomotive du monde, comme l'Europe avant-hier, l'Amérique hier et l'Asie aujourd'hui ? » Et si nous imaginions une Afrique développée, en paix avec elle-même et pionnière de la croissance et de l'innovation dans le monde ? Pour y parvenir, il y a nécessité de réformer la société africaine et l'amener à s'embarquer dans la révolution industrielle du monde. Convaincu que cette Afrique-là est possible, Jonas Aklesso Daou analyse les faits sociaux et culturels, étudie les enjeux socio-économiques et dresse un tableau des apports nécessaires pour structurer un profil de développement cohérent et durable pour l'Afrique subsaharienne. En prenant dès à présent le train en marche – notamment celui de l'éducation, de la culture et de la révolution numérique – l'Afrique pourra se positionner d'un point de vue humain, écologique et durable, mais aussi offrir à ses populations liberté, mobilité et modernité. Originaire du Togo et chef d'entreprise, Jonas A. Daou est passionné de lecture, de philosophie sociale et de développement. Développons-nous. . . enfin ! est son premier ouvrage paru aux Éditions du Panthéon.
