Sula Moreno knows too much. Working in public relations at Prolabs, it's her job to put a positive spin on the company's exciting new antidepressant Nexapra, the linchpin in a corporate merger that will save the faltering Prolabs from going under. But when Sula discovers the shocking truth about a lethal flaw in the drug, there's no good way to spin the potential death of thousands of consumers.

Karl Rudker, the company's ruthless CEO, disagrees. To safeguard Prolabs's bottom line--and his own place at the top--he'll do whatever's necessary to keep the facts about Nexapra's dangerous side effects secret, even if it means putting an end to more than just Sula's job. When the only other person who can expose Rudker ends up murdered, Sula knows her boss is a dangerous man. But her boss isn't the only one playing for keeps; to keep Nexapra from flooding the market with a wave of death, Sula will risk everything...including her life.

"Putting this thriller down and going to bed at a reasonable hour was not possible. **THE SUICIDE EFFECT** is highly satisfying."--Theresa De Valence, mystery reviewer

"It took me less than 6 days to read through all 6 of Sellers books. I usually don't read through books that quickly unless they are that good (Evanovitch, Grafton, Connelly, Crais, Jance). I put this author right up there."--Kathy Harris, Amazon reviewer
