SPACE. It's not just the world's largest casino; it's the largest man-made structure in the history of Earth. This futuristic wonderland has captivated Las Vegas and the world, but beneath the sparkle and glitz, something very old lurks and festers. Eccentric digital forensic expert Sam Flatt is on the scene, hired to find out who's hacking the casino's VIP gaming machines and costing the company millions. The deeper he digs, the darker his discoveries. It's not just financial fraud. Something far worse is going on, and it's connected directly to his client. No matter the outcome, Flatt can't walk away. The worst kind of cruelty and injustice is afoot, and he can't let it stand, even if it draws out the darkness in his soul he's been fighting to suppress for many years. He must right the wrong, even at the cost of his own soul. Unallocated Space is the third thriller from Jerry Hatchett, an award-winning author whose readers continually proclaim, "I couldn't put this book down!"
