The world's air traffic control market is recognized to be challenging, both in its technical complexity and in the diversity of its customers. With over 200 national organizations holding continual competitive procurements, it is difficult to maintain a clear understanding of when a particular customer last procured which capability. And even when that is known, which supplier provided which product and where were they installed? This report is an attempt to answer those questions by providing a compilation of information related to the worldwide air traffic control market organized by geographic region. Included in this Region are: Bahrain, Iran, Iraq, Israel, Jordan, Kuwait, Lebanon, Oman, Palestine, Qatar, Saudi Arabia, Syria, United Arab Emirates, and Yemen. Data from multiple public sources has been compiled by Momberger Airport Information and by ATC Market Analysis, LLC.
