MASTERED goes where few dare. Suffused with titillating sexual content, this unorthodox love story also offers rare and gripping insight into the psychological elements of a Dominant/submissive relationship. Told from both perspectives, it is an exciting roller coaster ride that leaves one rethinking what is normally considered the 'dark side' of human nature. Meet Missy Weaver: Missy always knew that she was different. Deeply submissive but terrified of being labelled deviant, she suppresses her true nature. In its place she constructs a socially acceptable half-life where she exists in militant self-denial.

That is, until fate intervenes...

Meet James Colton: Dominant to the bone, James recognizes Missy as innately as a lion identifies the gazelle to be cut from the herd. Easily, he penetrates her well-honed façade. What he finds inflames his imagination and ends three years of self-imposed celibacy.

This unique story will keep you whet and wanting.

In the end, MASTERED will have you begging for more!
