DNA:The Awakened: Book One (Volume 1) Neo Jade

Several millennia ago a war tore its way across the very heavens. It left a ravaged land in its wake. That war was waged by two ancient immortal races. The Angelic Host and the Demonic Legion. It was only through the combined power of Earth's defenders that the war was finally ended. The aggressors were cut off from their home world and its constant reinforcements, and forced to resettle on Earth. Over the centuries their blood feud was gradually diluted, until eventually a peace accord was able to be reached. This peace has lasted for over a thousand years. Until now. The invasion is coming. When a stranger arrives at a local high school, two childhood friends find themselves thrown into a world where Demons and Angels exist. A world where they alone might hold the key to mankind's survival. It's a story that revolves around three individuals who find themselves part of a world where magic is very real; Demons and Angels exist, and the only hope mankind has against the coming invasion is a boy, the girl next door, and their dog.
