This revised edition offers all-new material showcasing the latest trends in color palettes for the home. Chapters are organized by color and feature inspirational photos of real-life decorated rooms that illustrate different ways to combine the dominant color with other hues to achieve a variety of effects. Each room photo is accompanied by a palette of color swatches showing the relative amounts of each color to use to recreate the scheme. A special bonus section at the back of the book features all the color-swatch palettes, which a reader can tear out and take to the store to match up to paint chips.
