## **Why did they sack me?**

For Harry Lamb, that is the only question that matters after suddenly losing his job at a major investment bank.

But when he investigates the circumstances surrounding his sudden dismissal, he finds it was linked to the critical research he wrote on on the telecoms and broadcasting giant Cable Media.

Why did they choose me?

For Julia Porter, that is the only question that matters after she is plucked from her job in management consultancy to work for the Serious Fraud Office.

But when she stumbles across the the largest insider dealing ring the City has even seen, she realises she is up against something far more serious than financial fraud.

Both Harry and Julia are up against the same enemy - unknown, unseen, and all-powerful.

Forced together, they find themselves alone and on the run, tracked by lethal professionals who can find them anywhere.

And in a desperate race against time, they must fight to prove their innocence - and to stay alive.

'Tracked' is a gripping high-concept thriller of technology, finance and espionage. It is perfect for fans of Michael Crichton and Frederick Forsyth.
