Exercitii de Citire Rapida (Romanian Edition) Silviu Vasile

Nouazeci la suta dintre oameni traiesc in mediocritate chiar daca fiecare dintre ei ar putea cu un mic efort sa iasa din zona de confort si sa mearga spre zona de performanta. Sa faca saltul care ii duce spre o viata mai buna din punct de vedere personal, profesional sau social si cu toate acestea nimeni nu a fost dispus sa investeasca in ei, nimeni nu le-a predat acele abilitati care sa ii faca mai buni, care sa le creasca valoarea si care sa-i duca spre succes. Nu trebuie decat sa incepi sa investesti 3% din timpul tau zilnic pentru a iesi din mediocritate. Ti se pare mult sau ti se pare putin? Gandeste-te ca ramai cu 97% din timp. Asadar investeste in citirea rapida timp de 40 de minute pe zi si in scurt timp nivelul tau de performanta va creste semnificativ. Atunci cand vine vorba de citirea rapida te rog sa lasi la o parte gandurile pe care le consideri urgente si sa te gandesti pentru cateva minute la copilul tau. Sa iti aduci aminte momentul cand l-ai vazut prima oara, cata bucurie si cata dragoste ai simtit atunci. In acel moment ai simtit, dincolo de orice dubiu, ca el are un destin si ai crezut in acel moment ca el este genial. Ai vazut scanteia genialitatii in ochii lui asa cum doar un parinte poate sa o faca si ti-ai dorit tot ce este mai bun pentru el. Citirea rapida vorbeste despre genialitate, despre cel mai important lucru spre care iti poti ghida copilul. Poti invata citirea rapida atat pentru tine cat si pentru copilul tau si impreuna sa reusiti sa creati timp de calitate, timp care sa ramana un reper important peste ani si ani. Timpul este cea mai pretioasa resursa, odata ce el trece nu se mai intoarce niciodata. Obisnuim sa ne uitam in oglinda si sa observam ca ne-am schimbat si ca am mai imbatranit putin. Cu cat timpul trece prioritatile noastre se schimba, ajungem sa realizam ca poate am fi fost mult mai fericiti daca am fi castigat mai putin si am fi petrecut mai mult timp cu cei dragi noua. Realizam ca am alergat dupa lucruri pe care atunci cand le-am avut nu au reprezentat un interes prea mare si am trecut la alte obiective. In felul acesta vom fi nemultumiti si nefericiti. Citirea rapida are rolul de a clarifica valorile interioare si de a ne da o directie clara, asumata in viata. Vom sti pentru ce luptam si vom lupta proiectandu-ne in viitor, traind in avans starea de succes personal.
