Credit Repair The 411: The step-by-step guide to clean up your bad credit quickly, legally and effectively even when your credit situation seems hopeless! L. Jarrell

The Step-by-Step guide to clean up your bad credit QUICKLY, LEGALLY AND EFFECTIVELY even when your credit situation seems hopeless! Anything a credit repair company can do for you, you can do even better, at home and almost for FREE! I wrote CREDIT REPAIR THE 411 out of the necessity to repair my own severely damaged credit. I am not a credit repair “expert” or a lawyer or even a writer; I’m just someone like you that has spent years in the shadow of bad credit. I think it takes someone who’s been there and actually knows what it’s like to fight the credit giants, to show you the way out, and save you hundreds, even thousands of dollars less than you would spend on overpriced credit repair books, websites, credit repair agencies or lawyers when you can do it yourself and do it a million times BETTER. Not to mention the financial toll it takes having bad credit not only paying higher interest rates, but not being able to get a bank account or get into an apartment. My nightmare of bad credit started very early on. Growing up as a product of the “CHARGE IT” generation I fell head first into a pit of vicious creditors, disrespectful collection agents and uncaring credit reporting agencies that could care less if what they were reporting was accurate. For years I’ve put up with rejection, high interest rates and a horrendous credit rating that was a result of this inaccurate and incomplete credit reporting.
