Over 500,000 potential military recruits take the ASVAB each year. To qualify for enlistment, candidates must receive a minimum score in the verbal and math sections of the test. The combination of these areas is known as the Armed Forces Qualification Test (AFQT). The verbal sections are: Word Knowledge, and Paragraph Comprehension. This book gives the additional help potential recruits may need in order to feel confident on test day and score high for enlistment. This book can also help enlisted service members who need qualifying scores on the Armed Forces Classification Test (AFCT) in order to change careers within the military. Note that over 1 million high school students also take the ASVAB each year; some take it for career assessment while others take it for enlistment.
