Gods' Green Earth Mr. Scott Seeger

As the politically correct 90's come to a close, Caleb Carpenter, a shyster of an attorney who specializes in trumped up racial cases, finds that the race card well is running dry. He stumbles upon a budding revolution in corporate environmentalism and starts building a green empire. A green initiative involving eco-friendly ammunition leads him to Skyler, a feisty gun control lobbyist who he can't help but fall for. We follow them through their world of three martini lunches, boardrooms, and shooting ranges, getting a glimpse of what really goes on behind the green curtain. Sometimes just feeling green is better than actually being green.
