Published in October to coincide with the launch of the fourth Amazing Spaces series, this second tie-in book showcases more of George Clarke's extraordinary small builds from all over the country. He shows how amazingly unexpected small spaces can be adapted into really workable living areas. Combining the eccentric and the inspirational with practical information directly from the projects' creators, the book will appeal not only to those dreaming of a get-away - for example in a deceptively cosy tin tent - but to everyone who wants to make the most of the space at home or in the garden, such as converting a basement into a casino. With stunning photography showcasing projects from Series 2 and 3 and highlighting their most intriguing features as well as advice and style tips, the book features more than 20 previously unpublished home, garden, holiday and work spaces.
