In 1986 the world's worst ever nuclear disaster unfolded at Chernobyl in the Soviet Republic of Ukraine and 31 people died. The death toll should have been four billion. Now three decades later, hell on earth is about to be unleashed again.

From the dusty streets of Baghdad to the high rise metropolis of New York and the deserted wasteland of Pripyat, Ian MacRae, a security consultant based in the idyllic island paradise of Tasmania, is drawn into a desperate race against time to uncover the truth about Chernobyl...and stop the annihilation of the human race.
