The Modern Muse: How to Create the Ravishing Life You've Always Wanted Giselle Koy

For centuries, muses have provided guidance and inspiration for Kings, Queens, noblemen, philosophers and artisans who have shaped our cultures and humanity as a whole. The Modern Muse captures the essence of what it means to be a creative force not only for yourself but for all of those who are in your life. This practical yet profound writing provides insights, exercises and tools for your personal awakening and empowerment. Giselle Koy, a professional muse, works with CEO's, rockstars and anyone who wants to shine their brightest. She sees the unpolished diamond in others and helps ignite their spark of brilliance within. She shares her insights into opening this quality of being so that all may source their own muse in a playful, fun and heartfelt fashion. She also blazes a trail for all of us who want to play more, live an inspired life and awaken the muse within. In this book you will find: The story of the mythological muses, the love children of Zeus. How the Muse has re-awakened in modern times. Muse Technology- the tools for modern musing. The language of muses that reflects this sparkling new energy now available to us. A case history with a client and how a session with a muse works. About the author, Giselle Koy: After many metaphysical adventures and living as a spiritual seeker most of my life, I have returned to an inner knowing that has been my true wisdom all along. It is here for me, and here for you. Now I just follow my passion, practice self-love and play divinely. In other words, I do what I want, love myself first and live mischievously. But I still have the same boss and cater to his every whim—I devotedly serve the divine guidance that beautifully brings us to our highest good. I see people in their highly polished diamond state, sparkling with divine radiance. In the end, everyone wants to be smoking hot at what they do and shine their brightest while doing it. This is the way of the muse—inspiring you to be who you really are. I wrote "The Modern Muse" for those who want to stop struggling and start playing; for those who know there is nothing left to do but enjoy these times as we walk each other home. "The Modern Muse" is not me, but the sparkling co-creative energies that are now assisting. Everyday we co-create by just choosing. We don't have to have the grand purpose anymore as we are all a critical piece of the puzzle just as we are, in our "isness." Our authentic selves are our gifts.
