El Medio Ambiente y Su Destrucción (Spanish Edition) Benedicto Cuervo Álvarez

Una de las razones por la que la situación medioambiental es tan mala es, precisamente, por la actitud de las personas. Durante años los hombres y mujeres han explotado los recursos mundiales sin pensar, demasiado, hacia donde les llevaba esta política. Cuando surge un problema, referente al medio ambiente, nadie quiere asumir la responsabilidad. La gente se lo quita de en medio o hace como que no existe A. Peterson.

"Podemos hacer trampas con la moral. Podemos mentir en política. Podemos engañarnos a nosotros mismos con sueños y mitos, pero no hay bromas posibles con el ácido desoxirribonucleico, la fotosíntesis, la eutrofización, la fisión nuclear o las consecuencias que sobre todos los seres vivos tiene el exceso de radiación, ya se trate del Sol o de la bomba de hidrógeno" Bárbara Ward. "El peor pecado contra las demás criaturas no es el odio, sino la indiferencia: esa es la esencia de la inhumanidad" George Bernard Shaw. "El Ártico se está calentando más rápido que cualquier otro lugar de la Tierra y podría quedarse sin hielo para 2030" Ban Kimoon. Secretario general de la ONU. 3 de septiembre de 2009"
