What is this book about??

?

If you think you can do a?thing or think you can't do a?thing, you're right.

— Henry Ford ?

?

The book you are holding in your hands is a?multidimensional guide of personal and spiritual development. It tells about my journey to awakening and shows how to live the life of your dreams, in practice, not only in theory. It is an immensely personal story, however, I?opened up despite Ego internal resistance. I?believe it will help many people to solve problems and it will teach how to become a?self-possessed person controlling emotions and as a?result – the future. What can you learn and achieve by taking over the control of your mind? Imagine that...?

?

1. You can choose any of the features of characters you know and – you can be self-confident, full of energy and motivated...

2. You do not send yourself mechanically into the negative emotional state – the end of stress, being sulky, lack of motivation and overwhelming problems.

3. You are happy regardless all of the experiences you have had, the circumstances and other people – you are the one who decides how to feel in every single moment.

4. Your relationship is just perfect – you have built it on values, and not on emotions.

5. You love your job, develop your passions and inborn talents. You achieve any objectives you set for yourself. You turn dreams into objectives and fulfill them one by one.?

?

You can lead the horse to water but can't make it drink.

— American Indian proverb?

?

Ego – an inner voice can whisper you that it is impossible to have a?chosen personality and to be happy for ever. If you believe in negative thoughts – it will be impossible for you. However, if only curiosity and desire to change yourself for a?better person wins – you can achieve it and become whichever personality you wish. Changing yourself you will change your future. Taking total control of your character, emotions

and future, I guarantee that your life will change beyond the recognition.
