After twenty-two-year-old Sandra Tate's plane crashes in the Atlantic, she awakens in the home of Bradley Mayhew, an ex-Special Forces medic who now works as the lighthouse keeper on a small island far from the coast. Unfortunately for Sandra, the lighthouse radio is not working, so she'll be stuck with Brad until a supply ship comes in. Frustrated and bored, Sandra tries first to talk and then to seduce Brad into using a beacon that is reserved for extreme emergencies, but in the end her persistent efforts only earn her a humiliating spanking over his knee.

When Sandra's foolhardy attempt to take matters into her own hands and activate the beacon herself nearly ends tragically, Brad decides that some drastic changes are needed in order to keep Sandra safe while she remains under his roof. Since Sandra has behaved like a naughty little girl, from now on she will be treated like a naughty little girl. Despite her blushing protests, soon Sandra is wearing little girl clothes, taking naps in the afternoons, being spanked on her bare bottom when she is disobedient, and being cuddled and cared for by a firm but loving daddy.

To her surprise, Sandra finds that being Brad's little girl soothes her like nothing ever has before, and when Brad takes her in his arms, her body thrills to his touch in ways she never thought possible. But when the supply ship arrives at last, offering the opportunity for Sandra to return to her old life, will she leave her daddy and her new life as his little girl?
