Reliable Truth

Richard E. Simmons III

Reliable Truth Richard E. Simmons III

What do science, history, and logic have to say about the reliability of the Bible?

This book presents in a profound way how the Bible reflects the true nature of reality. *Reliable Truth* is about seeing the world as it is while debunking the myths, legends, and false beliefs about the Bible.

There is a type of Christian faith which seems to be quite common where people accept a Christian belief that is not dependent on reason or evidence. They believe that any type of historical investigation on their part is not necessary. They seem to have no desire to know about Jesus as a person of history . . . I cannot share this point of view. I am profoundly convinced that the historic revelation of God and Jesus of Nazareth must be the cornerstone of any faith that is really Christian. Any historical questions about the real Jesus who lived in Palestine [twenty] centuries ago is therefore fundamentally important to develop a strong faith.

From the writings of Dr. Millar Burrows (1899-1980) Department Chairman of Near Eastern Language and Literature at Yale

Sondra Spencer:

Information is provisions for people to get better life, information today can get by anyone on everywhere. The information can be a information or any news even a huge concern. What people must be consider any time those information which is in the former life are challenging be find than now is taking seriously which one is acceptable to believe or which one typically the resource are convinced. If you have the unstable resource then you have it as your main information there will be huge disadvantage for you. All those possibilities will not happen with you if you take Reliable Truth as the daily resource information.

Harry Anderson:

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's soul or real their pastime. They just do what the educator want, like asked to the library. They go to there but nothing reading seriously. Any students feel that reading through is not important, boring in addition to can't see colorful images on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Reliable Truth can make you experience more interested to read.
